AIR AND RADIATION

June 9, 2006

Dear Manufacturer:

Sub: Snowmobile ABT template

In an effort to make snowmobile averaging, banking, and trading (ABT) reports easier to submit and track for both EPA and the manufacturers, EPA has developed an ABT template in excel format. You may begin using the template immediately. It is expected that all manufacturers will use this format for final 2005 model year reports due in September.

Please send the reports to abt_engine@epa.gov with the subject line displaying the manufacturer's name and the industry category, ex.: ABC manufacturing-Snowmobile. If you have any questions about the template please contact Joe Hresko at Hresko.joe@epa.gov or 202-343-9275. General questions about the ABT program should be directed toward your designated EPA certification representative.

Sincerely,

A handwritten signature in cursive script, reading "Khesha Jennings", is positioned above the typed name.

Khesha Jennings, Manager
Heavy-Duty and Nonroad Engine Group
Compliance and Innovative Strategies Division
